Muhammad Thakeeb Muhammad

ABOUT ME

Full-Stack Web Developer and Computer Engineering graduate with a strong experience in building scalable web applications, RESTful APIs, authentication systems, and IoT-Based solutions.

I specialize in designing and developing functional, user-focused digital products using JavaScript technologies such as Node.js, Express.js, and MongoDB, alongside clean frontend development using HTML, CSS, and JavaScript.

Currently serving in technical leadership and IT support roles, i am passionate about solving real-world problems in education, sustainability, and automation through software and embedded systems.

TECHNICAL SKILLS

Frontend Development

HTML5 - CSS3 - JavaScript - Responsive Design

Backend Development

Node.js - Express.js - RESTful APIs

Databases

MongoDB - MySQL

Authentication & Security

JWT - bcrypt

Tools & Workflow

Git - GitHub - Postman - API integration

Other Skills

IoT Systems - Arduino - Problem Solving - System Design

PROJECTS

Plastic RRR

- Built a full-stack recycling rewards system combining USSD and web technologies
- Developed reward points system, product redemption, and admin dashboard
- Implemented authentication and backend logic for user management
- **Tech:** HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, JWT

Sahal JAMB Practice App

- Developed a CBT-style exam platform for students
- Implemented scoring system, performance tracking, and responsive UI
- Built REST APIs for exam data management
- **Tech:** HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, JWT

IoT-Based Student Attendance System

- Designed a smart attendance system using ESP8266, and fingerprint sensor
 - Integrated hardware with a web-based dashboard for real-time monitoring
 - Automated attendance tracking to reduce manual errors and fraud
 - **Tech:** HTML, CSS, JavaScript, PHP, MySQL, Arduino, ESP8266, IoT hardware
-

WORK EXPERIENCE

Chief Technical Officer (CTO) - Current

Edulog Global Resources and Consults

- Lead technical development and oversee digital solutions for educational services
- Design system architecture and guide software development decisions
- Manage technical strategy and scalable system implementation

IT Officer - Current

Nature's Heart Foundation

- Manage and maintain the organization's website and digital systems
- Handle technical support, updates, and system optimization
- Improve digital presence and ensure smooth operation of online services

Graphic Designer - Current

Printing Village, Kaduna

- Designing branding materials including logos, flyers, and banners
 - Delivered professional print-ready designs for clients
-

LEADERSHIP ROLES

- SA Skills - NIEEE BUK Chapter
 - SA Religious Affairs - NUESA BUK Chapter
 - Deputy Lead - DSN BUK Chapter
-

EDUCATION

Bachelor of Engineering (B.Eng.) in Computer Engineering Bayero University Kano |
2018-2023

CERTIFICATIONS

- Pirple Web Development Certificate
 - GIDA Academy Web Development Certificate
 - Udemy Web Development Certificate
 - KAD ICT Hub Web Development Certificate
 - VSL Concept Graphic Design Certificate
 - Gabtun Technical Services Graphic Design Certificate
-

CERTIFICATIONS

Problem Solving - Communication - Team Collaboration - Time Management - Adaptability -
Self-Learning
